

SANSONE CONCRETE

CONCRETE CREATION

Founded in the early 1900s in a small workshop, Sansone Concrete has always been driven by passion, tradition, and **craftsmanship**. Today, as then, these values remain at the core of our company. Constantly innovating, we create **high-performance concrete surfaces** by exploring new technical solutions while honoring local traditions, using time-honored tools and techniques. Each piece is handcrafted with respect for heritage and the environment. Our commitment to **sustainability** is reflected in our use of **eco-friendly** materials and a **zero-impact manufacturing** process, making Sansone Concrete a leader in responsible production.

FLOORING & COATING

[Discover the Collection](#)

Concrete products and custom projects

Sansone provides an extensive selection of **handmade products**, including encaustic **tiles**, **grits**, **cement pastes**, and stamped concrete **floors** for **outdoor** applications. Our commitment to customization enables clients to personalize sizes, designs, colors, and textures to meet their specific requirements, ensuring a seamless experience from concept to delivery.

Emerging in the late 19th and early 20th centuries, concrete is a highly **versatile material**, perfect for vibrant floors and coatings. Our concrete products are crafted from fine **powders** of marble, concrete, and natural oxides, and are still handmade using traditional techniques. Each piece is treated with linseed oil to enhance its hydro-oleophobic and stain-resistant properties, ensuring durability and aesthetic appeal.

CONCRETE TILES

REWIND

Rewind reinterprets Sansone's classic concrete tiles within a **modern framework**, drawing inspiration from our rich historical collections. In collaboration with **Jpeglab**, this project focuses on minimalist design, featuring unique patterns that are both intentional and organically random.

PROGETT-ONE

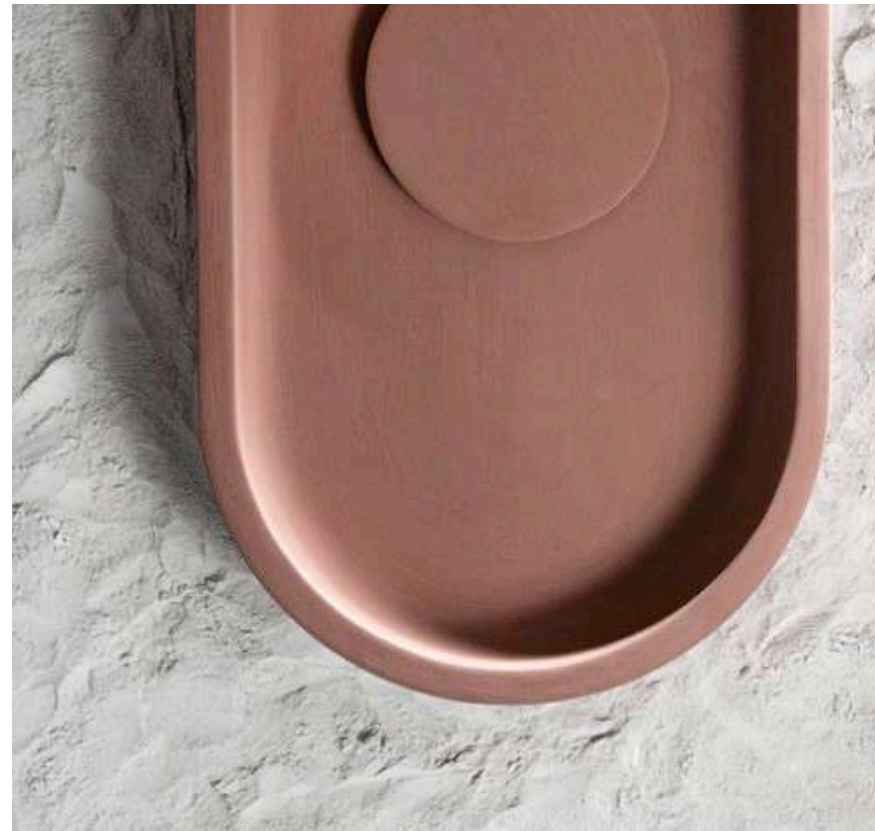

"Ambientazioni 2022" is a concept from Fuorisalone that showcases limited-edition Progett-One **concrete tiles**. Each year, this collection is refreshed with new colors and graphics, allowing for versatile arrangements to create intricate patterns and simple designs, or even a unique **carpet effect** with single-color tiles. At Sansone Concrete, we specialize in custom handcrafted concrete tiles offering **tailored** formats, decorations, colors, and textures. Our tiles are produced using traditional methods and treated with linseed oil for enhanced durability, reflecting our commitment to quality and heritage.

CONCRETE MORTAR

Key trend in interior's flooring

Selecting the right flooring is essential in the design or renovation of a home, and concrete has emerged as a modern and versatile choice. Once primarily associated with industrial or outdoor spaces, concrete offers a diverse range of interior applications, making it a **trending option** in interior design. With its ability to complement various environments—from contemporary and industrial to rural and rustic—concrete flooring adds a distinctive touch of originality to any space.

At Sansone, the quality of raw materials is fundamental to our craftsmanship. Each product reflects our passion, expertise, and commitment to excellence. Building on our legacy with "Concrete Tiles," which remain a hallmark in the covering market, we are proud to introduce our innovative range of washbasins, born from a continuous desire for exploration and creativity.

WASHBASINS

ANDROS & GIO

Our unique, **handmade washbasins** offer a personal touch, allowing you to express your lifestyle through a diverse palette of colors. Each concrete sink is a **one-of-a-kind** creation, showcasing distinct variations in color and texture. Thanks to innovative research, we have developed a patented concrete that ensures lightweight durability, complemented by a specialized mortar that accommodates a range of color options, including for the drain. This mortar also provides excellent waterproofing and resistance to UV rays and chemicals, making our washbasins beautiful and functional.

Designed by **Viviana Maggiolini** for Sansone, the Intondo collection features essential and iconic washbasins that seamlessly complement minimalist and decorative spaces. Inspired by the colors of the sandy dunes of Sicilian beaches, the **CIRCLE** and **OVAL** pieces are expertly crafted from colored concrete, offering a sophisticated aesthetic for any setting.

INTONDO

TABLES

Concrete Tables for indoor and outdoor solutions

Our tables feature elegant designs that integrate into any environment, offering a diverse selection of colors and materials. Each table is **fully customizable** in dimensions, colors, and finishes, including textures and decorative elements. With a palette of thirty-two **nature-inspired shades**, you'll find the perfect match for your space. Crafted from artisanal concrete mortar, these tables provide stunning surfaces that enhance your surroundings and offer a distinctive tactile experience.
